

Fresh white flora complemented the chic, modern ballroom at Lakeview Pavilion.

MODERN *garden* STYLE

photographed by RAFAEL SWIT

DRAWING inspiration from the floral extravagance and cake art of Tracy Morgan's wedding, Christina set out to find the perfect venue to accommodate her dream wedding with the help of Soraya Belgacem of S.Y.B. Event Planning Services. Her vision came to life the moment she walked through the grand doors of Lakeview Pavilion. 1 A chiffron draped gazebo created elegance and a magical garden vibe. 2 The couple arrived in classic, vintage style. 3 A traditional Lebanese dance kicked off the festivities. 4 Each guest table featured a floral pillar surrounded by warm candlelight. 5 An incredible all-white, multi-tiered wedding cake, artfully crafted by Konditor Meister, was piled high with delicate sugar flowers. 6 Gold-edge chargers atop a mirrored table from Be Our Guest made the couple feel like royalty as they enjoyed their first dinner as husband and wife.
